For All Your General Contracting Needs

Do you own or manage commercial property? Then you know how tough it can be to find a general contracting company who's just as willing to come out and fix a lamp post as they are to handle your next big construction project.

Whether it's a shopping center remodeling job, a 1,500 square-foot build-out, or even minor maintenance or repair work, 90 Degree Construction is a reliable and available partner in your success!

WHAT WE CAN DO FOR YOU:

BUILD-OUTS: Create the perfect space for your tenant facilities. From permits to inspections, we have the experience, connections, talent and know-how to help you develop custom designed commercial space.

TAKE-DOWNS: Need to liquidate in a hurry? 90 Degree Construction will restore your space back to the original vanilla shell state. We move quickly and get the job done right . . . so you'll be cleaned up and ready for new tenants in no time.

MAINTENANCE: We take care of anything you ask us to—from fixing lights, painting, patching sheetrock, striping the parking lot and repairing leaks, to major plumbing, electrical and HVAC problems. Whether it's an office building or retail shopping center, we can handle it!

WHY WORK WITH 90 DEGREE CONSTRUCTION?

90 Degree Construction has served the West Metro Atlanta, GA area for more than a decade. We take pride in the professional relationships we share with local commercial property owners. Just a few great reasons to team up with our company:
